Dear Hiring Manager,

I am a recent Bachelor of Science in Information Technology graduate from STI College, and I am writing to apply for Full-stack Developer at Cunag's Corp. During my senior year in college, I become a leader of our capstone project and I am also the full-stack Developer of our group.

I am eager to contribute my skill, knowledge, and creativity in developing a system at company. I am confident with my ability to adapt in any possible problem and create a solution for your company.

Thank you for considering my application. I would welcome the opportunity to discuss how I can contribute to Cunag's Corp. and company's team.

Best regards,
Philip Miguel
